2. The Assistant Director, Central Survey Office proposes to have the training of the draftsmen and computers in 4 sections, according to the various items in the training to be undergone, at the rate of 15 to 20 men in each class or section. With the reduced Number of peons in the Central Survey Office, they cannot be expected to serve about 60 additional men. The Assistant Director, Central Survey Office, therefore, requests that 4 peons may be sanctioned for the duration of the training school. The Board supports the request of the Assistant Director Central Survey Office and requests that the Government may be pleased to sanction the appointment of 4 temporary peons for a period of 4 months from the date of opening of the training classes.

The Secretary to Government,

The Board has ordered the selection of about a 100 men for appointment as Draftsmen in the temporary survey parties. The men are to be appointed on receipt of further orders from the Board. I have drawn up a programme for the training of the Draftsmen to cover a 4 months course. The programme has been approved by Deputy Director.

2. It is proposed to open four classes for the training of draftsmen and computers allotting 15 to 20 candidates to each class. I submit that it will be necessary to attach a peon to each of the four classes for attending to the work in the class. Thus four peons will be necessary and I request that sanction may kindly be accorded to appoint four temporary peons for the duration of the training school i.e., for four months from the date of opening the classes.
